

New Features in AliveColors 8.5: Image Enlargement, Color Balance, etc.

August 3, 2023 – AKVIS announces an update of the AliveColors cross-platform graphics editor. Version 8.5 includes the new neural network-based Image Enlargement feature, the new Color Balance adjustment, the enhanced object selection tools, the updated NatureArt built-in plugin, and an extensive list of fixes.

AliveColors is a powerful graphics editor that includes a wide range of retouching and drawing tools, photo editing adjustments, color correction options, artistic effects, neural filters, presets and textures libraries. The program contains a set of the [built-in AKVIS plugins](#) and some other developments of the AKVIS company. This update brings a set of innovations and improvements.

Version 8.5 offers the new AI-based Image Enlargement feature that allows image magnification up to 800% without losing quality. The update includes the Color Balance adjustment (available also as an adjustment layer) to correct color tints in individual tonal ranges. Also, the new version provides some improvements in the AI-based selection tools, an update of the NatureArt built-in plugin that helps to imitate natural phenomena and change the weather on pictures, and a number of other enhancements, as well as bugs fixes and increased stability.

The software is available for download at alivecolors.com. The trial period includes 10 days of fully functional use.

AliveColors is cross-platform and runs on Windows 7-11, macOS 10.12-13.0 (M1/Intel), and Linux OS. The program supports a multi-language interface, configurable by switching in the program preferences.

AliveColors Free with slightly limited functionality is available for everyone for personal use. Also, the program comes in full featured lifetime licenses: **AliveColors Home** (\$55) for personal use and **AliveColors Business** (\$160) for commercial use.

The update is free for all users who bought the software in the last 12 months. Users with older versions, whose license is not valid for AliveColors 8.5, can update the program for \$20.
